NEW SHOREHAM PORT HEALTH AUTHORITY

TOWN HALL,

SHOREHAM-BY-SEA.

February 1961.

To: The Chairman and Members of
the New Shoreham Port
Health Authority.

Mr. Chairman, Ladies and Gentlemen,

I beg to submit my report for the year ending 31st December, 1960.

During this period a total of 2229 vessels including 37 yachts and 7 H.M. Ships entered the port, with a net registered tonnage of 911,279 tons.

The actual figures are:-

527 ships from foreign ports	(138,532 N.R.T.)
1702 ships from coastwise ports	(772,747 N.R.T.)

A slight increase on last year's total.

During the year 487 vessels from foreign ports and 1013 vessels from coastwise ports were inspected; 492 vessels from foreign and 49 from coastwise ports being revisited.

The standard of cleanliness in all vessels is very good in both galleys and crew quarters. One foreign vessel was cautioned with regard to a dirty lavatory which was cleansed before the vessel left the port.

Infectious Disease.

One case of suspected Diphtheria was landed to Foredown Hospital, but the swabs taken from the patient and sent to the pathological laboratory in Brighton did not confirm this. Swabs were also taken from the captain's small son with negative results.

Another ship reported having landed a case of Tuberculosis in Eire. The 9 members of the crew were sent to the mass X-ray Dept. in Brighton. One further case was discovered and the sailor was repatriated to Holland for treatment.

All vessels from infected or suspected areas are boarded on arrival and revisited daily during their stay in port.

THE HISTORY OF THE

REIGN OF
HIS MOST EXCELLENT MAJESTY
CHARLES THE FIRST

1685

IN TWO VOLUMES

Rodent Control.

All vessels from foreign ports are searched during and on completion of discharge. Slight traces of rats being found amongst the cargo of a vessel from Cuba, but a thorough search revealed no signs of infestation. 76 deratting exemption certificates and 2 rodent control certificates were issued during the year.

Smoke Abatement.

Most of the vessels using the port are motor vessels. Masters of oil and coal-fired steam vessels have co-operated very well in preventing smoke nuisances. One foreign vessel was warned re. smoke emission due to a defect in the engine room.

Food Inspection.

The volume and variety of imported food continues to increase, 231 cargoes and part cargoes being inspected. Apart from occasional slight damage during transit no foodstuffs had to be condemned.

The following is a summary of the imported food:

Chilled Meat	365 $\frac{1}{2}$ tons	Evaporated Milk	14,470 cases
<u>Tinned Meats:</u>		Condensed Milk	2,750 cases
Chopped Pork	18,387 cases	Condensed Milk	12 drums
Minced Pork	17,972 cases	Skimmed Milk	24 drums
Shoulder Pork	1,645 cases	Dried Milk	2,198 cases
Pulman Pork	77 cases	Tinned Cream	600 cases
Pork Luncheon Meat	17,828 cases	Butter	112 cases
Minced Luncheon Meat	49,950 cases	Hard Cheese loose	2,045 pieces
Luncheon Meat	475 cases	Hard Cheese baskets	67 baskets
Meat Preserves	11,959 cases	Hard Cheese cases	12 cases
Ham (tinned)	19,470 cases	Gouda Cheese	8 cases
Ox Tongue	19,527 cases	Luncheon Cheese	8 cases
Chopped Braised		Edam Cheese	147 cases
Port Kidneys	650 cases	Midget Loaves	2 cases
Beef Ghoulash	100 cases	Savoury Cheese Toast	225 cases
Soups	267 cases	Macaroni	1,483 cases
Tinned Chicken	1,700 cases	Beer	9 drums
Pate Foie Gras	1,015 cases	Foodstuffs	13 cases
Sausage casings	34 barrels	Conserves	117 cases
Lard	33,430 cases	Preserves	112 cases
Lard	274 drums	Teabreaks	4,660 cases
Crooklaam	3,400 cases	Rusks	3,780 cases
Fish Oil	277 drums	Confectionary	12,285 cases
Mackerel in Brine	20 barrels	Chocolates	124 cases
Herrings	49 casks	Liqueur Chocolates	240 cases

Sugared Almonds	166 cases	Rivello Concentrate	599 cases
Candied Fruit	528 cases	Fruit Juice	78 cases
Biscuits	2,820 cases	Fruit Juice	46 containers
Sugar	416 cases	Gherkins	3,250 tins
Potato Crisps	4,700 cases	Gherkins	5,347 cases
Essences (cases)	18 cases	Gherkins	436 casks
Essences (drums)	2 drums	Cucumbers (Bottled)	1,418 cases
Non Pareil	960 bags	Cucumbers (pickled	
Coco Butter	2,008 bales	sliced)	200 cases
Cocoa Beans	1,600 bags	Cucumbers (tinned)	730 tins
Cocoa Powder	201 cases	Cucumbers (in brine)	10 casks
Chocolate Powder	6 cases	Beetroot (bottled)	211 cases
Coffee	375 bags	Beetroot	10 casks
Peanut Shavings	80 bags	Cauliflowers in brine	15 casks
Tinned Vegetables	190 cases	Onions in brine	10 casks
Tinned Tomatoes	10 cases	Potatoes	4,960 tons
Tinned Peas	1 case	Onions	9,117 bags
Tinned Asparagus	20 cases	Red Cabbage	110 bags
Tinned Mushrooms	450 cases	Beetroot	100 bags
Salad Sauce	2 cases	Beetroot	1 basket
Apple Sauce	20 cases	Dried Peas	40 bags
Tomato Sauce	164 cases	Grapes	207 tons
French Mustard	608 cases	Grapefruit	14,563 cases
Sauerkraut	200 casks	Oranges	3,500 cases
Lemons	500 cases	Oranges	490 tons

Condemned Food.

2 cases of wine - contaminated by dysulphurool
 4 barrels of potatoes contaminated by diesel oil
 8 cases of lard contaminated by dirt
 3 tins evaporated milk - blown tins
 23 tins Pork Luncheon Meat - blown tins

Houseboats.

Periodic inspections are made of houseboats moored at Shoreham and Southwick.
 No notices for defects being served.

In conclusion I wish to express my thanks to the Deputy Port Medical Officer, Dr. A.J. Partridge, the Deputy Port Health Inspector, Mr. T.A. Eardley, the officers of H.M. Customs and Excise, the Shoreham Harbour Trustees and the Shipping Agents for their co-operation, and particularly to Mr. A. Tate, the Port Health Inspector on whom falls the great majority of the day to day work. It is a great pleasure to work in such an atmosphere of willing co-operation.

I am, Mr. Chairman, Ladies and Gentlemen,

Your obedient Servant,

T.H. HARRISON

Port Medical Officer of Health.

SECTION I

PASSENGER TRAFFIC

TABLE C.

PASSENGERS	IN	OUT
BRITISH	70	-
ALIEN	18	51
TOTAL	88	51

There is no regular passenger service to and from the port. A number of passengers travel to and from the Continent by the regular Rouen-Ostend service. Several aliens are landed from ships for holidays whilst the vessel is trading round the British coast.

1. The first part of the paper is devoted to a general discussion of the problem.

2. The second part is devoted to a detailed study of the case of a single particle.

SECTION IV

INLAND BARGE TRAFFIC

Number using the district - Nil
Tonnage - Nil
Places served by the traffic - Nil

SECTION V

WATER SUPPLY

Sources of supply for the district - Brighton Corporation
Source of supply for shipping - Brighton Corporation
Reports of tests for contamination - One sample of water was taken and submitted to the Public Health Laboratory. The result was satisfactory.
Precautions taken against contamination by hydrants and hose pipes - Hose pipes are delivered from stores and collected on request.
Number and sanitary condition of water boats, and powers of control by authority - Nil

SECTION VI

PUBLIC HEALTH SHIP REGULATIONS

1. The list of infected areas is compiled from the weekly Epidemiological Record and is supplied to H.M. Waterguard and corrected regularly.
2. Not a designated radio port.
3. The agents for the vessels entering the port notify the Port Medical Officer or Port Health Inspector by telephone.

4. Mooring Stations

There are no mooring stations. Vessels are boarded at the lock gates.

- 5 (a) Cases other than smallpox are admitted to Foredown Isolation Hospital, Portslade.
- (b) Contacts on board visited daily.
- (c) Disinfection of cabin supervised by Port Health Inspector. Arrangements for disinfection of persons, clothing and other articles made with Brighton Corporation.

1870
The first of the year
was a very dry one
and the crops were
very poor.

The second of the year
was a very wet one
and the crops were
very good.

The third of the year
was a very dry one
and the crops were
very poor.

The fourth of the year
was a very wet one
and the crops were
very good.

The fifth of the year
was a very dry one
and the crops were
very poor.

SECTION VII

SMALLPOX

- (i) Arrangements have been made for the removal of smallpox cases to Long Reach Hospital, Dartford.
- (ii) The transport of smallpox patients would be by ambulance provided by the Brighton Corporation.
- (iii) The Consultant in respect of suspected cases of smallpox is Dr. W.S. Parker, Medical Officer of Health, Brighton.
- (iv) The Public Health Laboratory in Brighton is available for examination of specimens submitted for diagnosis.

SECTION VIII

VENEREAL DISEASE

Cases of V.D. are sent to the Special Clinic,
Royal Sussex County Hospital, Brighton.

Monday 16.30 - 20.00 hours

Wednesday 09.30 - 13.00 hours

Thursday 13.30 - 16.30 hours

or to Worthing Hospital.

Wednesday 17.30 - 18.30 hours

Friday 16.30 - 17.30 hours

The masters of all vessels are notified of the facilities available and leaflets for seamen are issued on request.

A total of 18 merchant seamen attended the special clinic.

RESEARCH REPORT

EXPERIMENTAL		RESULTS	
1. Preparation of compound	2. Analysis	3. Physical constants	4. Spectroscopic data
5. Chemical reactions	6. Stability	7. Solubility	8. Other properties

1. Preparation of compound
2. Analysis
3. Physical constants
4. Spectroscopic data
5. Chemical reactions
6. Stability
7. Solubility
8. Other properties
